

Creativity (10 points)

How creative is the animation or game? Does it include several sounds or just background music? Does the artwork seem well designed (good color combinations, attractive)? How engaging is it? Do you want to watch it again? Do you want to show it to others?

Design	___/1 below average art/color, ___/2 average art/color/ ___/3 great art/color
Good use of sound?	___/1 one sound, ___/2 more than 1 sounds
Sprites	___/1 (modified Scratch sprites or imported pictures) ___/2 (created own sprite(s))
How engaging?	___/1 (want to see it or play it again) ___/2 (want to show it to others) ___/3 (Wow! – blew my socks off)
TOTAL	___/ 10

Originality (10 points)

Is it a completely original, not something taken from TV, books, videogames or movies?

TOTAL	___/ 10 (0 for none, 5 for average, 10 outstanding)
-------	---

Technical Merit (15 points)

The technical difficulty of this entry.

Uses broadcast and receive	___/4
Uses at least one loop	___/1
Uses at least one conditional	___/1
Uses at least one variable or timer	___/1
Number of scripts	___/1 (for 1-5) ___/2 (for 6-10) ___/3 (for 11+)
Number of sprites	___/1 (for 1-5) ___/2 (for 6-10) ___/3 (for 11+)
Changes the background	___/1 (for 0-3 changes) ___/2 (4+ changes)
TOTAL	___/15

Programming Practices (5 points)

Commented code, scripts are kept small (no more than 5-10 blocks per script), the names of message and variables are meaningful, and there are good project instructions,

Scripts are small	___/ 1
Good names for messages and variables	___/ 1
Good project instructions	___/ 3
TOTAL	___/ 5

Total for each entry _____ out of 40
